38							MAA	L1A	L2A EN/FR				
Total A .....		Total B .....				Total C .....		Total D .....					
(min 13, max 23)		(min 8, max 16)											

Please circle the relevant options below if the course is chosen.

L2	DE - EN - ES - FR
L3	DE - EN - ES - FR - IT - NL - PT
L4	DE - FR - ES - IT - NL - PT
Mor/Rel	Mor - Prot - Cath - Isl - Ortho - Jud
ONL	FI - GA - SV - MT
L5	DE - EN - ES - FR - IT - NL - PL - PT

Student Name:

Class:

Parent Signature:

CHOICE DEADLINE: 25th February 2026

**This choice grid must be completed, signed by a parent or legal guardian, and returned to Mr Hubert's Office (S5 Counsellor) by 25 February 2026.**

**Important Notes:**

1. In principle, it is not possible to change an option or complementary course once the definitive choice has been made.
  - a) In exceptional cases, the school may authorise a change provided it does not affect the organisation of classes (i.e. the change concerns a class that is already running).
  - b) Under no circumstances may a pupil withdraw, at the beginning of S6, from a class that has been created because the minimum required number of pupils was reached.
  - c) No changes will be permitted after Wednesday 16th September 2026.
  - d) No course dropping will be permitted after Wednesday 7th October 2026.
2. The 35-period limit may not be exceeded, except in the following cases:
  - Pupils whose compulsory timetable and option choices total 34 periods may select one additional 2-period complementary course.
  - Pupils choosing advanced scientific options (MA5 plus two science subjects) are subject to the same rule.The absolute maximum timetable is therefore 36 periods.
3. The course options listed on this grid are provisional and may be modified following decisions taken by the Management.
4. Pupils wishing to take a subject (e.g. Economics or another L3 or L4 course) which they have not studied during the previous two years must submit a written request to sit an entrance test on 20th May 2026. **This request must be sent to Jeff Pedley no later than 4 May 2026.**
5. If a 4-period science course cannot be offered in your language section due to insufficient numbers, it may be taken in another working language, where available.
6. All subject choices must allow for the inclusion of the two compulsory periods of EP.
7. In Row 8, please clearly indicate the course of your choice. If Religion is selected, the specific religion must be stated.
8. Pupils must choose a minimum of two option subjects in order to meet the minimum number of written subjects required for the European Baccalaureate. Students are advised to choose three option subjects in order to retain flexibility when selecting written examinations for the Baccalaureate.

**Course Codes:**

AR2	Art (2-Period)	Mor/Rel	Ethics / Religion
CLS	Classical Studies	MU4	Music
DCA	Education for Sustainability	ONL	Other National Language
EP	Physical Education	PAM	Drama / Theatre (Performance and Media)
HDA	History of Art	SCP	Political Science
IEC	Introduction to ECO	SOC	Sociology
L1A	L1 Advanced	SPO	Sports (Extra)
L2A	L2 Advanced	STS	Science, Technology, Society:
L5	Language 5		
LAR	Infographics (Lab Art)		
LBI	Lab Biology: only with BIO		
LCH	Lab Chemistry: only with CHI		
LPH	Lab Physics: only with PHY		
MAA	Math Advanced: only with MA5
